## SEPT – Fruit & Veggie Month

More and more these days, we are receiving reports on the amazing nutritional benefits of organic fruits & vegetables. Unfortunately, we are also learning that excess animal proteins – beef, chicken, pork, fish, & dairy – are the culprits behind so many preventable diseases. Not only can excess animal proteins nurture maladies like heart disease, cancer, and diabetes, these foods may contain carcinogens and other toxins in the form of chemicals, growth hormones, GMOs, etc.!

**Fruits & veggies actually have the ability to kill cancer, prevent heart disease, and keep our blood vessels and organs healthy. Eat more organic fruits & veggies for long, happy, healthy life.**

**Let food be your medicine, and medicine be your food. – Hippocrates, 400 BC, Father of Medicine**

## OCT – Non-GMO Month

Launched in 2010, Non-GMO Month is the *Non-GMO Project's* largest outreach campaign. Citizens and organizations across North America are discovering the risks GMOs (Genetically Modified Organisms) pose to our health, our families, and our environment. Every October, Non-GMO Month provides a powerful opportunity to coordinate our voices and our actions. Across America – brands, retailers and individuals – stand up for our right to know what's in our food. WE HAVE THE RIGHT TO KNOW! **Speak out whenever you can. See web: [NonGMOmonth.org](http://NonGMOmonth.org)**

### Support Non-GMO Project

Dr. Jeffrey Smith is the leader in getting GMO's out of U.S. foods! See web: [NonGMOproject.org](http://NonGMOproject.org) His GMO award-winning video was narrated by Lisa Oz (Dr. Oz's wife) see web:

**BRAGG HEALTH TIPS:** The latest findings in Health & Nutrition tell us good health is determined by: **1) Diet 2) Exercise 3) Stress Management.** A healthy diet is our body's fuel and medicine. Exercise helps us keep healthy and strong. If stress builds, it weakens the immune system allowing sickness to take hold. Laughter, prayer, meditation, gratitude, and love are great keys for eliminating stress!

### Exclusive Interview with Dr. Patricia and Fitness Coach, Thomas DeLauer

We met Thomas DeLauer, wife and friends at the Santa Barbara Greek Festival. We were pleased when he and his lovely wife Amber were able to tour the Bragg Organic Farm and film an exclusive interview with Health Crusader, Dr. Patricia Bragg! We both agreed we could work together to help everyone in the world live healthier lives. Thomas launched training programs that strongly advocate Bragg ACV. Patricia is excited to combine Bragg Health Outreaches with Thomas and Amber.
